

Registering Passkey & Login

REFERENCE GUIDE

J.B. Hunt is enabling a security authenticator called passkey for Carrier 360® users. This will include a verification such as facial recognition or fingerprint scan and is required for Carrier 360® users to log into the application. You need to register your passkey on your Windows, Mac or mobile device.

Registering Passkey & Login for Windows

You only need to register the passkey once on a device. For Windows users, Windows Hello must be enabled. For Windows Hello setup, [click here](#).
