

CARRIER 360™ BY J.B. HUNT DRIVER OVERVIEW

Quick Reference Guide

Carrier 360 is used to view and manage loads, complete a check call and upload documents. Use this guide to learn about the home screen and functions of the Carrier 360 Mobile App.

This is the driver home screen for the Carrier 360 Application.

1. Notifications

Tap the Notification icon to view and manage notifications on pay, offers and loads.

2. Overflow Menu

Tap the Overflow menu to find or manage a trailer or chassis.

3. View Details

Tap View Details to view a load on a map. You can also view comments, equipment and load information. **Note:** You can also complete check calls and upload documents.

4. Check Call

Tap this button to complete the next check call action for the load. **Note:** This button will change depending on the next action for the load.

5. Home

Tap **Home** to return to the Carrier 360 home screen.

6. Profile

Tap **Profile** to edit your phone number, email and text messaging options. You can also view the Carrier Profile on this screen.

7. My Loads

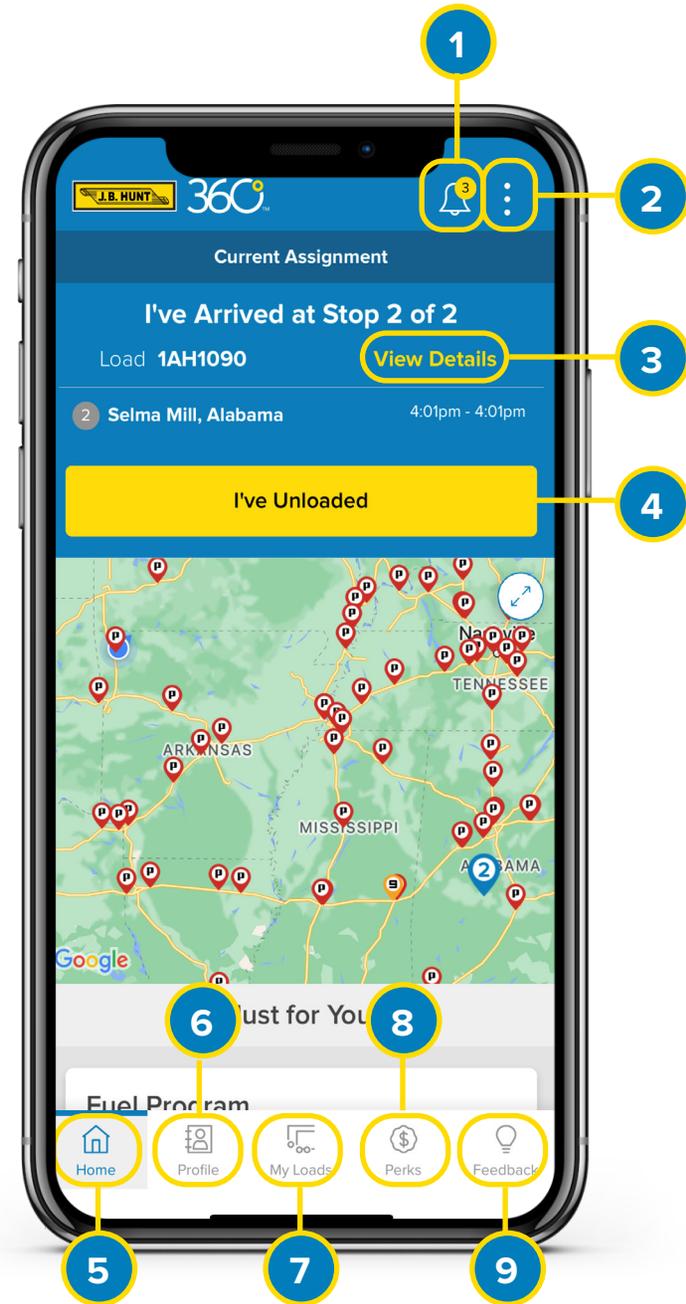

Tap **My Loads** to view all assigned loads. **Note:** This includes completed loads.

8. Perks

Tap **Perks** to view discounts and special offers.

9. Feedback

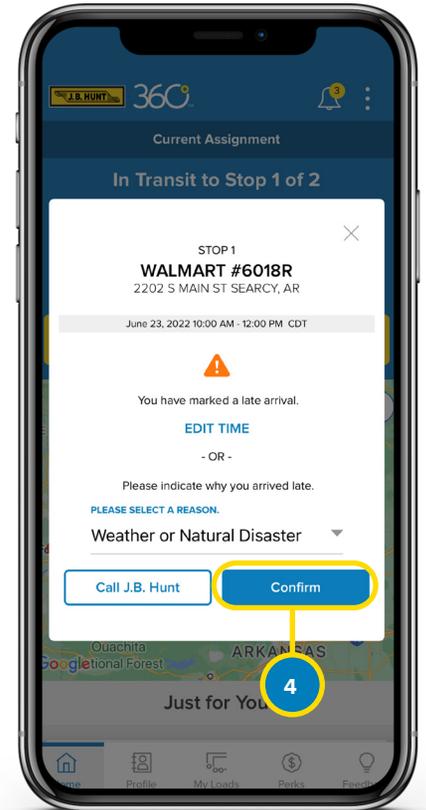

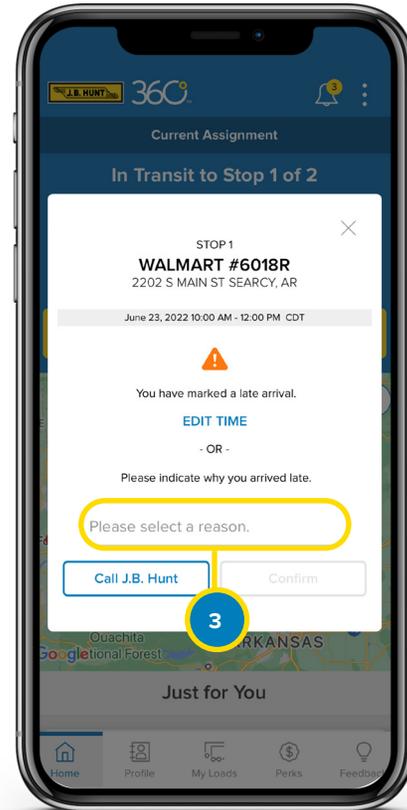

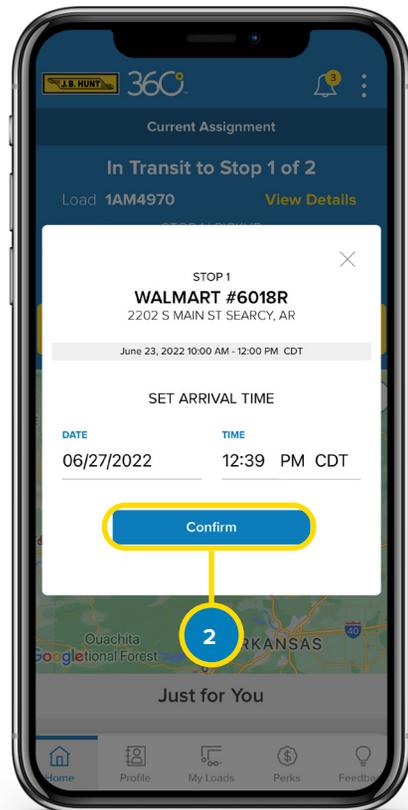

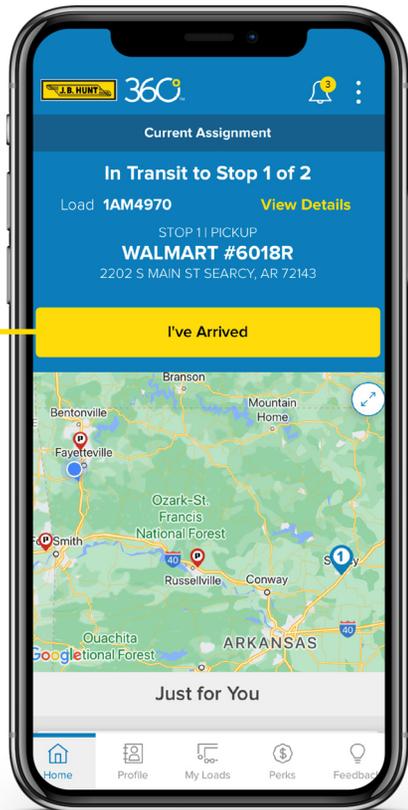

Tap **Feedback** to share your thoughts on the Carrier 360 Mobile App.

CARRIER 360™ BY J.B. HUNT COMPLETING A CHECK CALL

Use this guide to learn how to complete a check call.

Quick Reference Guide

1

Tap **I've Arrived** to complete a check call. You can do this on the Home screen or by tapping View Details next to a load.

2

Set the arrival Date and Time, then tap **Confirm**. If the load arrives on time, a green success message will display.

3

If the load arrives late, you will have to select a reason for the late arrival by tapping **Please Select a Reason**. A pop-up will display with a list of reasons. Select a reason from the list. **Note:** If you did not arrive late, tap **Edit Time** to update the arrival time.

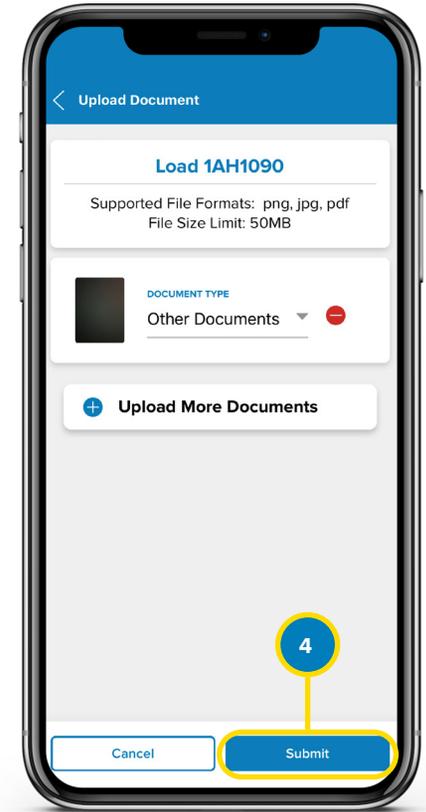

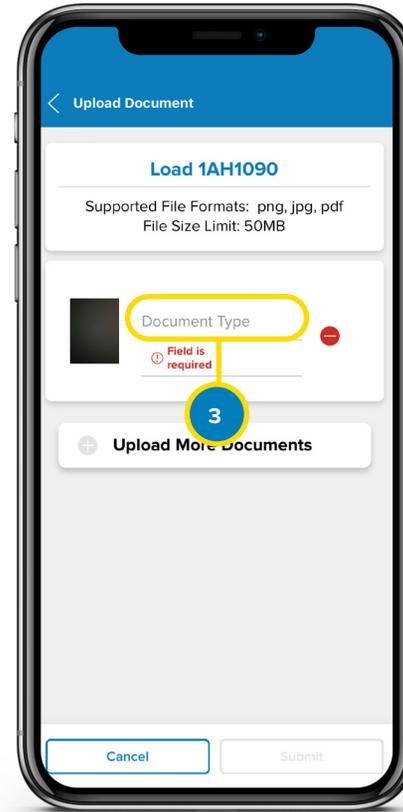

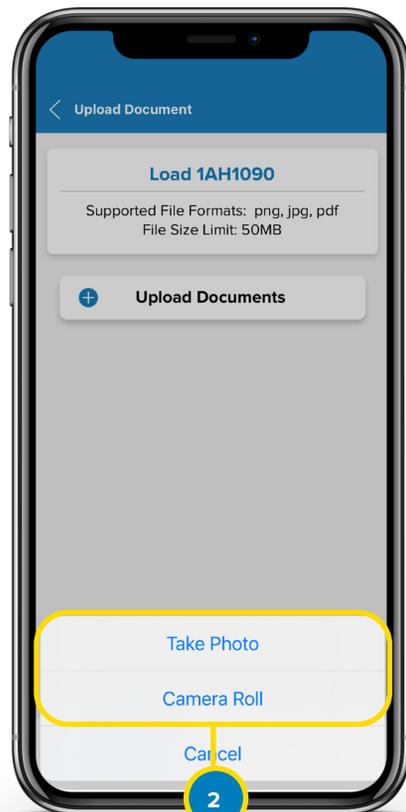

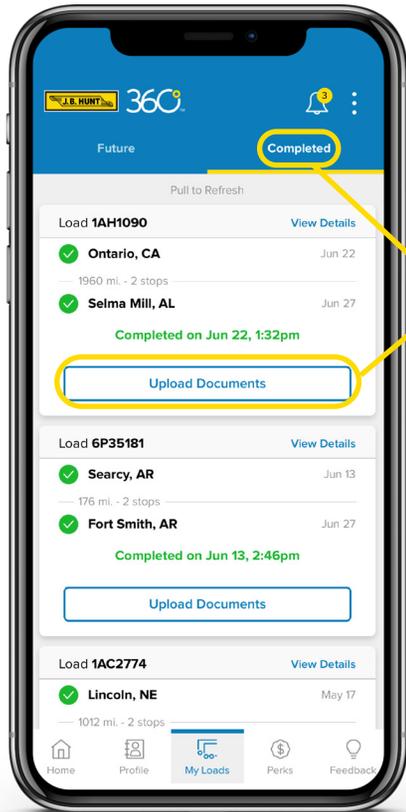

4

Tap **Confirm**. A green success message will display.

CARRIER 360™ BY J.B. HUNT UPLOADING DOCUMENTS

Quick Reference Guide

Use this guide to learn how to upload documents.

1

In My Loads, tap **Completed**, then tap **Upload Documents**.
Note: The My Loads screen allows you to view Future and Completed loads.

2

To upload a document, take a photo or upload an image from your camera roll.

3

Tap in **Document Type**. A pop-up will display with a list of document types. Select the type you are uploading.

4

You can upload more documents if needed. Tap **Submit**. A green success message will display.
